

Health Walk News

The Health Walks continue to be suspended during the current crisis while we wait to be allowed to meet in groups of more than six. This is such a shame when we've been having some lovely weather (at time of writing), but I hope you're managing to get out on your own or in family groups to enjoy our beautiful Oxfordshire countryside.

We'll keep the website updated with news of when we'll be starting again: www.sonningcommonhealthwalks.co.uk. Stay safe – and keep walking!
